STRATHMORE JUBILEE JULY 22

Facts About Strathmore

By T. M. Wears, Secretary-Treasurer
And Town Solicitor

NO. 3 FIRST A VILLAGE

The earliest record of the town goes back to 1908, when the community became a village. Unfortunately, there is no record of the proceedings leading up to its incorporation. At the first meeting, of which we have record the Council consisted of four members, George H. Lloyd, W. J. Owen, W. E. Brown and E. W. H. Lambert. Mr. Brown was made chairman and Mr. Brown Secretary-Treasurer, who, in the first year of incorporation, was also made assessor. Mr. Lambert succeeded Mr. Lloyd as Chairman, and remained in office until Strathmore ceased to be a village.

In accordance with local legislation salaries were in line, the salary of the first Secretary-Treasurer being \$40 per annum, and the assessor \$15. Modest, too, were the taxes, 7 1/2 milles in 1908. Mr. Brown did not hold his job very long, and was succeeded by Constable Irvine, with a ratio of salary to \$75 per annum, with 2 1/2 per cent on tax collected and 25 per cent of all profit and dog taxes. It is worth noting that as early as 1909 a resolution, "that no pig be allowed to be kept in the village" was passed, a regulation that has been in effect ever since in the same year arrangements were begun to have a town hall, a cemetery and a nuisance ground.

The name of a respected citizen, now passed on, Mr. J. Van Tighem, figure in the history of 1909, as Captain of the Fire Brigade. In the same year there was no jump in the taxes, rather a slight reduction to 6 milles.

In the following year new names appeared in the minutes. Mr. W. S. Bush, Mr. J. McLaughlin and Mr. A. J. Hosh, the last named still remembered by many present residents. In the same year Constable Irvine resigned as Secretary-Treasurer, and Mr. Van Tighem was nominated, but did not accept. Mr. A. D. Mackintosh receiving the appointment at a slightly higher salary. Mr. Van Tighem was evidently our first auditor.

Then things went along and Mr. Davidson, leader of 2210 in the year of a town hall was accepted, but it seems the Council had exceeded its authority in authorizing the expenditure to which no reason was given, and the resolution on the tender was rescinded. Later the town hall was built, but the records do not give the cost.

Prior to this time there was no cemetery and interments took place on the C. P. R. right of way, but in 1911 those who had been buried there were removed to the cemetery by Mr. Chase under the supervision of Dr. Givins, who had shortly before been appointed medical health officer. Mr. Lambert was chairman of the cemetery company until the cemetery was taken over by the town in 1928.

At this early stage of its history the village got into debt, out of which its successors have never been able to free themselves entirely. The game started by borrowing from the bank by paying taxes, and it has been ever thus. In these days a sum of \$146 was sufficient to meet the requirements of the village with a rate of 10 milles.

Now they had trouble with dogs and in 1919 advertised for a dog cart. Mr. F. H. Tucker got the job, later he was appointed sanitary inspector.

In August Mr. Mackintosh resigned and Mr. Spicer, school principal is appointed secretary-treasurer. Away here at this early period there was talk of an electric lighting plant, and in October 1910 the Calgary Natural Gas Company got a franchise to supply natural gas to the community, but nothing came of it.

The boundaries of the town were slowly wide enough, embracing what we do many farm lands, yet the council of that day, as a preliminary to incorporation as a town, bent on

expanding, aimed at wider boundaries with prospects of another Calgary, no doubt but were restrained by a wise, if unsympathetic government and had to content themselves, like Moose, with a Piquet view of that territory, they were debarrued from entering.

The minutes of the village end up with an intimation that Mr. Spicer would soon be leaving Strathmore and asked the Council to accept his resignation.

Looking backwards the records show that the Council of that day had pretty much the same troubles as the Council of this day. The town, soon by short of cash, borrowings had to be made from the bank before taxes came in, and they had the usual trouble with tax collectors. In short, the problems of the city fathers of 1908 were of the same category as the problems the Councils of succeeding years had to face. With this exception, that there were then no relief problems.

GOLF NOTES

A ladies foursome will be played Monday starting at 2 p.m. The draw will be posted in the Club House. In recent match Mildred Marcum won the green score, Mrs. McLaughlin being the runner up. Last week in 2nd flight was won by Irene Giroux. In the one club match Mrs. Perry came first with Gladys Hughes second.

Sunday last 17 ladies from Strathmore played with the local club in Calgary and report a very fine day. There will be no scheduled golf game for June 28th. Arrange a game for yourself but place be available for a big game on July 5th when we expect a large number of players down from the local club in Calgary.

LETTER TO THE EDITOR

PLACE NAMES

I do not know that the letter from Mr. P. I. Jones to your last issue exactly fits the bill.

I still maintain that there was a lack of originality in naming many places in the town. What Mr. French says does not prove that I am wrong. I did not say that there was no originality, what I said was that originality was lacking.

To show that I had justification for what I wrote I quote from a paper read before the Historical Society of Calgary on 21st March, 1924, by F. A. Carson, L. L. S. in the course of which he says: "The next class of name is that after another place. This method of naming seems to have been very popular among the early settlers and explorers, who proceeded to name places and features in Canada after their old homes in England, Scotland and elsewhere. Calgary, Banff, did not mention those who had been named elsewhere than Alberta, London, Paris, River Thames, Kent, Essex, and many others familiar to us all. We also have Laganau (after a village and loch in Scotland) (bankhead (after a similarly named place in Scotland), and the same origin for Camrose."

T. M. WEARS.

TOWN JUBILEE

Another meeting in connection with above was held in the Town Hall Monday evening. Although the attendance was rather poor all committees were represented, owing to the late arrival of Mayor Hughes. Mr. Theo. E. Wright was nominated chairman.

Reports from the various committees were heard and commented on. From a report given in by Mr. Wright it appears that at least 200 people who were residents of the town in July 1911 are still residents, and consequently, may be classed as old timers.

Next meeting Monday, 29th June at 8.30.

Local News Items

A large congregation attended when Rev. C. W. Wiley conducted service in St. John's Sunday morning last.

The Women's Institute met on Thursday afternoon at the home of the President Mrs. Lamoureux. Mrs. Sider of Shepherd, Constituency Council was there on her yearly visit to the W. I. She made many suggestions for future work which was very much appreciated. She also read a paper on memories of Ireland, her home country which was extremely interesting. Mrs. Segura gave a paper on Child Training. Mrs. Way on Canadian Industry. Miss Zeigle sang two solos. Twenty ladies were present. Mrs. Seales and Mrs. Melleson served delicious refreshments.

Miss Milda Hughes and Mrs. Sider Marcum arranged a very delightful party of six tables at the home of the former Saturday last in honor of Miss F. Garrett, two guests including the members of the Girls Bridge Club. The spacious and attractive room made an ideal rendezvous for such a gathering. With quantities of garden flowers added a special effect. Some merry games were played and much merry chatter interspersed.

Mrs. Brown entertained at two tables of bridge Saturday evening. Some interesting games were played and a very pleasant evening spent. Winners of high and low scores were Mrs. Van Tighem and Mrs. L. Campbell.

Miss Nellie West arrived Tuesday to spend a few weeks with her mother Mrs. Robt. Peet. Mr. and Mrs. Vince Moran are rejoicing over the birth of a baby daughter June 19th.

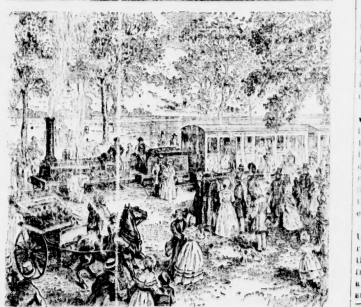

Miss Phoebe Garrett entertained her Junior pupils and their mothers Friday last at her home.

Mr. Miller will accompany Rev. Gilbert to Aldrie Sunday next, where Mr. Gilbert is to conduct service.

Mr. Fred Holmes of the local bank is spending his holidays at his home in Okotoks.

Wilson Wells is leaving Saturday for Calgary.

Canada's Railway Centenary.

THIS year is Canada's railway centenary. On July 22nd, to a century ago, the first steam train was operated between Montreal and John, Quebec, over the Champlain and St. Lawrence Railway, the first link in the chain of railways which now constitute the Canadian National System. The opening was made the occasion for a gala celebration at which tribute was paid to the leading citizens of Lower Canada to the founders of the Company. These far-seeing men, whose immediate object was the creating of a transportation link between Montreal and New York, were pioneers of Canada's development. But perhaps even they could not visualize the vast country that would be built up as a result of the introduction of steam locomotives. Sixteen miles of line over which the "backbone" of Canada's first locomotive hauled the coaches carrying the distinguished guests of the Company, has developed into the great Canadian National System, with 24,000 miles of line serving Canada from the Atlantic to the Pacific. The driving force of the start of the first train, is from a painting by Adam Sedgwick Scott, A.R.C.S., and is reproduced by courtesy of the Royal Bank of Canada.

MASONIC SERVICE

Members of the Masonic Order were present from Carleton, Rocky, and Strathmore at the service in the United Church Sunday last.

There was a large congregation present. A very impressive address on the significance and worth of the order was delivered by Rev. Gilbert. The speaker explained the purpose of the order, the meaning of its symbols, the square and compass. The text was taken from Deut. 8 and 4.

Mr. Gilbert quoted passages from several different authors, among them being Kipling's tribute to the order, which he took his voice, back before three open books viz. The Bible, the Koran, and the Book of the Brahmins. Study and development of the religious spirit are chief factors in the life of the members.

Masonry has a theology and that theology covers every effort of man to find a way to express his belief in God and worship. Masonry has had a long history, but its chief teaching of the last century, but the Church has a gift to masonry in the person of Jesus, who was dying on the Cross, made that Cross the greatest of symbols.

C. C. V. M. C.

The regular meeting of the Christian Commonwealth Youth Movement was held last Thursday night at Dr. Gilbert's office. A brief but interesting discussion on Social Justice was outlined in the kind book, took place.

Andover traveled made a very interesting point regarding the origin of the present spirit of competition in the individual, showing that, in early childhood the children are taught in the home, the school, and sports, to "beat the other fellow" and "win" for personal glory or possessions.

The meeting of the spirit is, of course, the reverse of the Christian teaching of a life of service to help other fellow.

Anyone interested in this movement is welcome to the study periods. Please communicate with Dr. Gilbert or Helen Strathmore for information regarding meetings.

Further items next week.

be to get a power of self-education,

ROCKYFORD

The fourth annual birthday party
of Rockyford Chapter No. 46 O. E. S.
was held at their June meeting. The
guests were members of the Masonic
Order, their wives or friends. The

cut flowers of mauve and white. The
beautiful birthday cake which cen-
tered the table was decorated in white
with delicate green decorations. Mr.
Bradwell, P. P., proposed the toast to
the King. Mrs. E. Middleton
her proposed the toast to the Masonic
Lodge and visitors. Mr. C. R. Walrod
responded to this toast. Eddie De-
but favored the gathering with several
selections on his piano accordion,
which everyone enjoyed very much.
Two contests, a spelling contest, which
was won by Mr. C. R. Walrod, quart-
ettes, duets and solos were enjoyed
by all. After spending a social hour
the evening was brought to an end by
all singing, *God Save the King*.

EDITOR, STRATHMORE

While attending the Convention I
met two interesting people. One, May-
or Watt, of High River, who told me
he started the Union Bank in 1908
with an office in the King Edward
Hotel, shortly after which the branch
was taken over by Mr. Van Tielboom,
who carried on for a period of 21
years. The other party I met was In-
spector Hutchings, of the R. C. M. P.,
stationed at Lethbridge. When I
came to Strathmore in 1914 there
were stationed at Strathmore two
members of the N. W. M. P., Constables
Hutchings and James. The loca-
tion of the Barracks was a sham-
box enlarged and occupied as a re-
sidence by Mr. J. Gannon, and in that
shack many trials were held before
my two old friends Messrs. Victoria
and Lambert, J. P., and in many of
these proceedings I took part. In my
chat with Inspector Hutchings I men-
tioned that on 22nd July we would be
holding our Jubilee celebrations. He
told me that at that time he would be
relieving Inspector Davis at Calgary,
and that he would be glad to come to
renew old acquaintances.

FIRST... THE TRUTH

THE same man is a hero to his friend and a rascal to his enemy. Opinions differ. Opinions will always differ. But an intelligent opinion is possible only when all the facts are known. The truth—the facts—the news—these are the essentials. You must have them to think clearly, to decide intelligently on any question. And you need not be without them. News of every event of importance, every issue, every angle, is brought to you by the press—not just one version, but the whole truth as it can be drawn from every available source.

A GOOD newspaper's own expressions of opinion are confined to its editorial space. The integrity of its news columns is inviolate. They present the discoverable facts, uncolored by politics or allegiance to any group or faction. Your inalienable right to form your own opinion is unprejudiced.

A FREE and untrammelled press—a liberty that is denied in many other countries—that is what the independent daily and weekly newspapers of Alberta offer you. They give a voice to current opinion that is heard in high places. They are a perpetual safeguard to the freedom and welfare of the people.

MR KILDUFF GIVES INTERESTING ADDRESS ON 'HOPPER MENACE'

On Saturday evening, June 20th Mr. Kilduff, head man of the Provincial Dept. of Agriculture gave a very interesting and instructive talk on the Grasshopper situation in Alberta. The meeting which was fairly well attended, was held in the room of the Memorial Hall. Mr. H. Groves acted as chairman.

In opening his address Mr. Kilduff, illustrated, by means of a map, the spread of grasshoppers in Southern Alberta and pointed out that, although many tons of poisoned bait had been distributed last year, there were at least 2 times as many hoppers this spring. He then outlined the life cycle and feeding habits of the insect. In suggesting possible means of control of the hoppers, the speaker said that—Unfavorable weather conditions would not likely aid in this part of the country; game and song birds, crows and the bee fly kill large numbers but not enough to effect control; therefore some artificial means had to be devised.

Mr. Kilduff recommended the following means of artificial control. The use of a molting plant, in the fall or early spring (followed by packing), rod and wire weeder, or a single disc. The burning of head lands and roadsides. Spreading straw along roadsides in the daytime and burning at night.

The best means, however, he stated is the use of bait. The poor success obtained by this means so far is due to the insufficient knowledge of details of those spreading the bait. Owing to the fact that the hopper seldom feeds when the temperature is below 65 or in cloudy weather it is a waste to spread bait at these times. When the temperature is over 65 the hopper also stops feeding.

In conclusion the speaker pointed out the enormous cost of the present campaign, which is to be continued into the middle of August and made a plea to those present to use the bait judiciously and to watch the temperature not the clock. In reply to several questions Mr. Kilduff said: The bait is not effective after the moisture leaves it, as the hoppers will not eat it. Oil bait is not used as one species of hoppers will not eat it.

"Thank you so much, said a woman to a middle aged man with a Legion button on his coat, who had given her his seat in a street car. That was very kind of you."

"Not at all, ma'am, not at all, please," replied the man. "I know some men don't give up their seat to anyone except pretty girls, but I look none except any difference to me."
